MEMORANDUM FOR: EE I

SUBJECT: Witold Gander *WLE*

1. It has been ascertained from the Chief, Special Security Division, CIA Security Office that as of 7 April 1951, the files of CIA fail to reflect any reason why Subject should not be operationally utilized by this office.

2. In view of the above and due to the urgency of obtaining Subject's services, it is recommended that a Provisional Operational Clearance be issued for Subject's use as a contractual agent engaged as a radio mechanic aboard the covert plane operating in Germany, Italy and Greece in connection with project BCFIELD.

3. Inasmuch as there is a calculated security risk involved in using an individual on a provisional operational clearance, you should use precaution in the handling of Subject until a full clearance is granted.

4. This Provisional Operational Clearance is recommended for a period of ninety days subject to renewal if the full clearance has not been granted.
